

## Who We Are...

### Achieving More by Delivering EXcellence

**AMDEX Corporation** is a rapidly growing, CMMI Level 3 rated, woman-owned, small disadvantaged business founded in 1987.

**AMDEX** is structured into three service areas including: Critical Information Protection (CIP), Health IT, Safety and Quality (HSQ), and Business Consulting and Technology (BCT).

As the name suggests,

**AMDEX** is known for **Achieving More by Delivering EXcellence**, as evidenced by numerous awards and recognition including the Department of Homeland Security's Top Small Business Achievement Award for 2008. In addition, **AMDEX** was ranked number 2 among the Top 100 Women Owned Businesses in Maryland for 2010 by DiversityBusiness.com.

For national defense and civilian agencies including the Department of Homeland Security, Department of Defense, and Department of Health and Human Services, **AMDEX** has applied its CMMI Level 3 organizational best practices helping customers measure and continually improve performance.
